The prize money ranking list will be calculated using a 2 year rolling points system. Please refer to the calendar for seeding cut off dates.

Standardised Conversion Rates: The above Sterling equivalents are based on the following standardised exchange rates set for the forthcoming 2014/15 season: **£1 GBP = \$1.8 AUS, £1 GBP = €1.2 EUR**

Players losing their first match will receive prize money in full however this money will not count towards the prize money rankings. Players who qualify for the final stages of an event but do not subsequently attend that event, for whatever reason, will not receive any prize money, nor will they receive any contribution towards the prize money rankings.

Players competing in the Pre Qualifier will be awarded the respective Round 1 (Last 128) losers prize money for losing in either the Last 128 round or the Pre-Qualifying round. No prize money will be awarded for winning the Pre-qualifying round. Players who finished outside of the top 64 in the 2013/2014 season but regain a tour place by any means will start on zero prize money. Players starting on zero prize money will be ranked in alphabetical order to determine a ranking.

At the end of the season players on equal prize money will be ranked according to the most prize money earned in the last season. Should this not determine positions, prize money in events working backwards from the World Championship 2015 will be considered. Finally, if still equal, frames won in losing final match would be used from events working backwards from the World Championship 2015.
